

# PTE MK Electronic Music and Media Arts

## Admission requirements<sup>1</sup>

The degree program is open to high school graduates (either vocational high school or grammar school) who have a basic knowledge of art (especially music), computer science and an interest in electroacoustic music and media arts.

### 1. Admission requirements

The entrance exam is divided to two stages:

- a. 1st stage: orientation test
- b. 2nd stage: practical exam

#### a. Parts of the orientation test

Written exam:

- Orientation test (hearing ability, general intelligence, logic test)

Oral exam:

- Presentation of a self-composed piece, short discussion

#### b. Parts of the practical exam

- written exam (test based on knowledge in the field of contemporary and electronic music history, arts, computer sciences; essay based on the work list)
- practical exam: realization and presentation of a creative multimedia task based on Audacity<sup>2</sup> and Spear<sup>3</sup> softwares.
- oral exam: presentation of previous works in detail (please use the attached portfolio sample), discussion.

### 2. Score intervals

Based on all the above, the admission score is calculated as follows:

Part	Maximum score:
<i>a. Orientation test</i>	passed / not passed
<i>b. Practical exam:</i> written exam	60
oral exam: presentation of the practical exam work	80
oral exam	60
<i>Sum</i>	<i>200</i>
